SOURCE TO SCREEN

A weekend workshop to tap your
deepest source of inspiration.

“People don’t have ideas. Ideas have people.” - Carl Jung

Source to Screen (S2S) is an immersive 3-day lab for creators of all kinds—writers, inventors, filmmakers, entrepreneurs—who want to integrate their spirituality and creativity and become channels to bring that work into the world. We break down this process of *allowing* into three stages: Creation, Manifestation and Transmission. Each day includes yoga, meditation, and meals provided by Hip Vegan.

June 28-30, 2019 | The Sane Living Center, Ojai, CA
